Letter No. 10 dated the 2nd July 1906, —
From the Comptroller to the Government of Mysore, to the Secretary to Government in the Muzrai Department.

I have the honour to acknowledge the receipt of your letter No 5977 dated the 30 June 06 asking for my opinion regarding the adjustment of the cost of 5 Elephants presented by His Highness the Maharajah to the various religious Institutions.

In reply I have to say that when Government makes a free gift of anything belonging to the State, it is not possible to make any book adjustment for the value of the property. For example a free grant of land or forest produce cannot be adjusted in the finance accounts.

2. The Conservator may shew the value of the Elephants as a gift in his administrative accounts, but no adjustment is possible in the finance accounts.

14/7/06 As no equivalent has been received either from the Palace or the Chatrs for the State Revenues both being of the nature of free gifts, the only Court is to direct their value to be written off. It does not seem to be necessary to find out some source for the benefit of the Trust Dept as the final result in the accounts will be all the same.
